

In the Nursery we will be focussing on a Nursery Rhyme a week. It is important that children listen to and join in with nursery rhymes as the repetition and rhyme support the child's communication and language as well as early phonic skills. Please spend a little time during the week singing or saying the rhyme with your child as this will help them when they are using them in Nursery. We will start a new nursery rhyme each Tuesday. Please see below a list of the rhymes we will look at during the Autumn Term and each week we will send home a copy of the words to you.

We hope you enjoy singing them and saying them with your children!
