

## Club Penguin

Designed for children ages 6-14 years of age.

Club Penguin is a snow covered online world where children can play games through an online community via penguin avatars. Players create a penguin and then enter the Club Penguin world where they can engage in a variety of fun and activities.

Players can chat, send greeting cards, wave, dance. Users can play games to collect virtual coins where they can use it to buy furniture, clothing and accessories for their igloo. New content such as games and theme parties is added every week.

It's a great way to enhance a child's creativity and increase their social skills through the online community. Children also practice reading, math skills, and participate in creative role playing.

Parents can feel safe that there are several measures taken to ensure that it is a safe site for children:

- **Ultimate Safe Chat** - limits what users can say through predefined menu of greetings, questions, emoticons, and greeting cards.
- **Standard Safe Chat** - allows users to type own messages. This chat room is filtered to allow preapproved words and messages. It also blocks attempts to provide personal information including phone numbers. The filters are continuously updated and a Moderator is always available to help.
- **Parent Account** - You can create a parent password which will allow parents to set play hours and limit the total time of play.

Club Penguin is free play but it allows you to buy clothing and accessories which require a membership.
