

Cyber Safety Reminders

If in chatrooms, always use a nickname, don't give people you don't know your personal information like full name, mobile number etc. You wouldn't do this straight away on the street, so why do it online?

Be very careful about what kind of picture, if any, you post onto the internet as people could use this for other things

If you are being harassed on-line, report this abuse via the link on the website and leave the area (i.e. chat room, instant messaging)

If you receive nasty messages through e-mail or IM, block the sender and report them on the website. Never reply to harassing messages.

Never meet a chatroom buddy in the real world without a trusted adult accompanying you first - better safe than sorry.

Remember, not everyone on the Internet is who they say they are. It is like meeting a stranger in the street, you would not believe everything they tell you at first, would you?

If you are a victim of, or see others cyber-bullying in school, please make sure you tell you someone. is our Internet Safety Co-ordinator and s/he will try her/his best to resolve any problems or concerns you have. We also have a dedicated group of students who deal with cyber safety incidents
