Promoting Resilience, Achieving Potential

Cathy Cox – Head Teacher

Dear Parents,

I'm sure that you would agree that trying to engage your child in learning mathematics outside of the classroom can be tricky! Therefore, alongside their access to the Times Table Rockstars website, we have also created access for them to a website called Sumdog.

This website provides engaging and adaptive learning for mathematics. The website adapts questions for each individual and is aligned to the National Curriculum. Sumdog's engaging activities are designed to motivate all students to learn and reach their full potential.

The IT suite will continue to be available on a Thursday lunch time for children to access both websites at school. To access Sumdog at home:

1. Type Sumdog into your browser's address bar.

2. Log in.
3. Your child's details will have been handed to them in a recent IT lesson. The School Code is: highwood

Many thanks,

J Marshall

Mathematics Lead
