

Young People's Puppet Theatre

www.yppt.org.uk

19th September 2019

Dear Parents/Carers,

As you will perhaps be aware, this year your child will be participating in a project run by the Young People's Puppet Theatre. Over the course of the project, the children will be designing and making puppets, backdrops and props, and will be performing their show towards the end of the school year. We very much hope to see you at one of the performances!

During the course of the project we would like to take videos and photos for use in a video of the final performance, on social media, and in our ongoing marketing and fundraising campaigns.

I am writing today to ask your permission for your child to appear in these videos and photos.

We use photos and video footage in the following contexts:

- On our website (www.yppt.org.uk)
- In email and print marketing campaigns – posters, flyers, newsletters, adverts etc.
- In our teaching packs e.g. in instructional videos for other schools running projects
- On our Facebook and Twitter accounts
- On our YouTube account, where we post 'highlights' of each performance as a memory of the project for you and your child, and also where possible videos of the full performances.

We may also occasionally share photos with other organisations such as newspapers, online news sites, or potential funders. A funder who gives us a grant might want to put a photo of one of our projects on their website. **Please note children are never identified by name.**

If you are willing for your child to appear in photos and videos taken by the YPPT, please fill in the form below and return it to school immediately. If you don't return the form we will ensure that your child does not appear in any photos or videos.

Best wishes,

Kavita Kamboz

School teacher and administrator for YPPT

-----✂-----

I give permission for my child to appear in photos and videos taken by the YPPT which may appear in the following places (please tick all that you give permission for):

Please tick

- YPPT website and blog (www.yppt.org.uk)
- YPPT email and print marketing
- YPPT teaching packs
- YPPT social media (Facebook, Twitter, Youtube)
- External websites or print material linked to the project e.g. press
