## Minutes lost per day

5 minutes

10 minutes

15 minutes

20 minutes

25 minutes

equates to a yearly loss of:

**3**  
days lost

**6.5**  
days lost

**10**  
days lost

**13**  
days lost

**19**  
days lost

Five minutes late per day adds up to three learning days lost in a school year

If 15 minutes late each day you will miss two full weeks of school in one year

Poor timekeeping means less chance of success!
